a way to care, a way to share

THE EMPLOYEE-GIVING PROGRAM OF TANNER HEALTH SYSTEM

Elevating Tanner to New Heights

Exceptional Employees Making a Difference with Heartbeat

At Tanner, we proudly go above and beyond every day. We walk families to their destinations rather than simply giving directions. We offer to help even when the work day is over. The little things we do when no one is watching – that is our pride in being part of Tanner.

Just as Tanner Health System is elevated by our commitment to excellence, our participation in the Heartbeat Employee Giving Program helps uplift Tanner even further.

Choosing to donate to Heartbeat sends a powerful message to our community. It says that we believe so strongly in Tanner Health System that we are willing to support it above and beyond our everyday work by making a gift.

Over the past 19 years, Tanner employees have raised more than \$1.7 million dollars through voluntary paycheck deductions. Half of each tax-deductible donation is allocated

to the humanitarian fund to assist Tanner employees in times of crisis. The other half is allocated to the Indigent Care Fund, the Cancer Care Fund or the General Program Fund, as selected by the employee.

The employee campaign is an exciting way for you to make a difference. Every gift

reflects our pride in the exceptional health care provided by our staff every day.

To join your co-workers in Heartbeat, please complete the Heartbeat Pledge Form contained in this report or contact Tanner Medical Foundation at 770.836.9871. 

Why Give to Heartbeat

"You may know them; you may even work with them every day and never know that your donation to the Heartbeat Employee Giving Program is an answer to their prayer."

"I've read about everything that Heartbeat helps with and even giving just \$2 helps out. It goes a long way."

"Look at the benefits of Heartbeat. It can make a great difference in your life and someone else's life as well."

"Even if it's just the minimum amount, you should contribute. Your donation could help a co-worker and their family in ways you can't imagine."

Heartbeat Humanitarian Fund Offers More than Financial Support

When Alisa Goldin joined Heartbeat, she liked the idea of supporting co-workers with the Humanitarian Fund. "I remember signing up for Heartbeat during new employee orientation because I wanted to contribute for others," Goldin explained. "I never thought that we would need help."

Then, the unthinkable happened. Her two-year old son, Garrett, was diagnosed with leukemia. With that diagnosis came months of treatment and unexpected financial burdens. Goldin was nominated for the Heartbeat Humanitarian Fund and soon received financial assistance.

"Heartbeat really helped us," she said. "Not only financially, but emotionally, to think of all of these wonderful people who have made a donation to help somebody else."

Garrett is now four years old and his prognosis is very positive. Goldin explained that the support she and her family received from Heartbeat went well beyond financial. "The love and support we have felt from everyone at Tanner, it isn't like at a corporate job where you don't know or care about your co-workers," she said. "Everyone has been so caring. This is something that I will never forget." 🧡

Humanitarian Fund

The Heartbeat Humanitarian Fund provides a way for employees to help when a co-worker experiences an unexpected crisis. The Humanitarian Fund guidelines and application form are accessible through Tanner's Intranet. From the home page, click on "Departments," then select "Foundation." Click on the Heartbeat link. After reading the guidelines, print and send the completed application form to Tanner Medical Foundation.

Tanner Home Health/Hospice team member
Alisa Goldin and her son, Garrett.

There is Nothing Like Help From Co-workers

Jamey Willis, of Tanner Health System Security, received help from the Heartbeat humanitarian fund after his wife was diagnosed with ovarian cancer. "This came out of nowhere," said Willis. "My wife was unable to work and I was wondering how we were going to be able to survive." Within days of his nomination, he had been assisted. "It was amazing! It was a blessing," he said.

Today, his wife is cancer-free and Willis is grateful for the support of Tanner Heartbeat supporters. "Without the help, I don't know what I would have done," he said. It took a lot of pressure off knowing that someone was there to help me. Even though I had family and friends, there is nothing like your co-workers helping you." 🧡

Holiday Assistance Program

Do you have a co-worker who is experiencing hardships? You can help them by nominating them for Tanner's Heartbeat Holiday Assistance program. The Heartbeat Holiday Assistance program brings a little extra joy to the holiday season for team members who would benefit from a gift of groceries.

In November each year, Tanner departments are invited to nominate an employee to receive a \$100 grocery gift card through the Heartbeat Holiday Assistance program. There is no specific requirement that has to be met, and each department within Tanner Health System may nominate a team member in your department, or even another department, who has a need.

Last year, 109 employees were nominated and helped with a \$100 grocery gift card in December. If you work with someone who could benefit from this program, please suggest a nomination to their department director. Nomination forms will be sent to department directors by mid-November and the deadline for nominations will be in December. ❤️

Cancer Care Fund

Tanner employees may choose to support the Cancer Care Fund with the second half of their Heartbeat donations. The Cancer Care Fund provides funding for cancer programs, services and assistance for patients. ❤️

General Program Fund

The General Program fund is the third option available for employees to select for their Heartbeat donations. This fund provides non-budgeted programs and equipment that will enhance patient care and/or make the employee's job easier. The following allocations were approved from the Heartbeat General Program Fund this year:

- Blanket warmer for Tanner Heart & Vascular Specialists
- Television and DVD player for the TMC/Carrollton pediatrics unit
- Canopy tent for "Trudy," the Tanner mobile unit used for community events
- White boards for patient rooms in the TMC/Carrollton medical surgical unit
- DVD and cabling for the TMC/Carrollton labor and delivery unit ❤️

Indigent Care Fund

The Heartbeat Indigent Care Fund assists patients who are unable to afford their medications, diagnostic tests or cardiac rehabilitation services. This year, 164 patients were assisted with their medications and 184 patients were assisted with transportation to and from the hospital through a taxi fund. ❤️

Much More Than a Blanket Warmer

Tanner Heart & Vascular Specialists received funding for a blanket warmer from Heartbeat's General Program Fund

If patients in Tanner Heart & Vascular Specialists seem a little happier, it may be because of the department's new blanket warmer.

Room temperatures are kept cool to ensure equipment used for diagnostic ultrasounds and other testing will function at their best. "We have a lot of elderly patients, and even younger patients who are on blood thinners, who come in for tests and get cold," said Paula Tant, LPN. "Patients asked why it was so cool, so we figured out a way to warm the patient without warming the room."

Heartbeat's General Program fund provided funding for the blanket warmer and brought relief to patients and staff alike. "We found out that it's much more than a warm blanket. It's a real comfort to our patients," said Tant. "If there is something that helps make a patient more calm, it makes it a lot easier for everyone." ❤️

Pat Crawford, LPN; Floy Seale, LPN and Paula Tant, LPN find that blankets from a blanket warmer purchased by Heartbeat help comfort and soothe Tanner Heart and Vascular patients.

Heartbeat Helps in Pediatrics

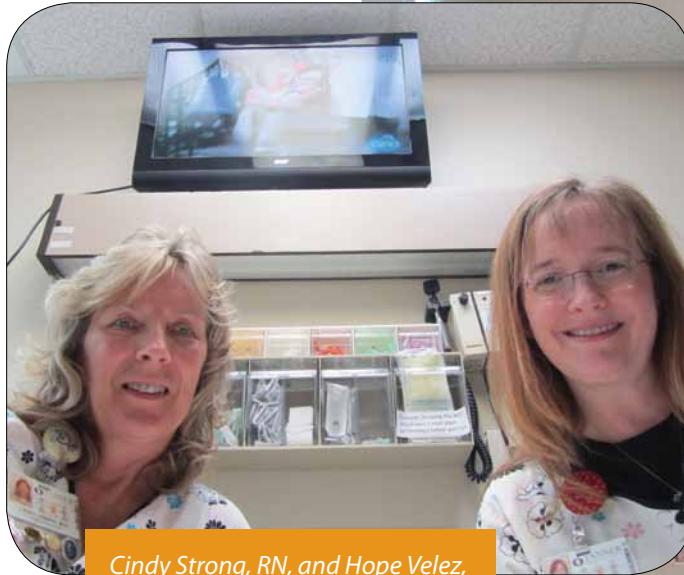

Coming into the pediatric treatment room for a procedure at Tanner Medical Center/Carrollton may seem a little scary for our youngest patients ... until they see a trusted friend there to keep them company. It may be Scooby Doo, SpongeBob Squarepants or even a Disney princess who helps distract them from a painful procedure.

"The patient comes in and we are about to start their IV which can be painful," explained Cindy Strong, RN. "So we turn our TV on and we find something that would be enjoyable to them. For some kids, it can really soothe them." The television was purchased with funds from Heartbeat's General Program fund.

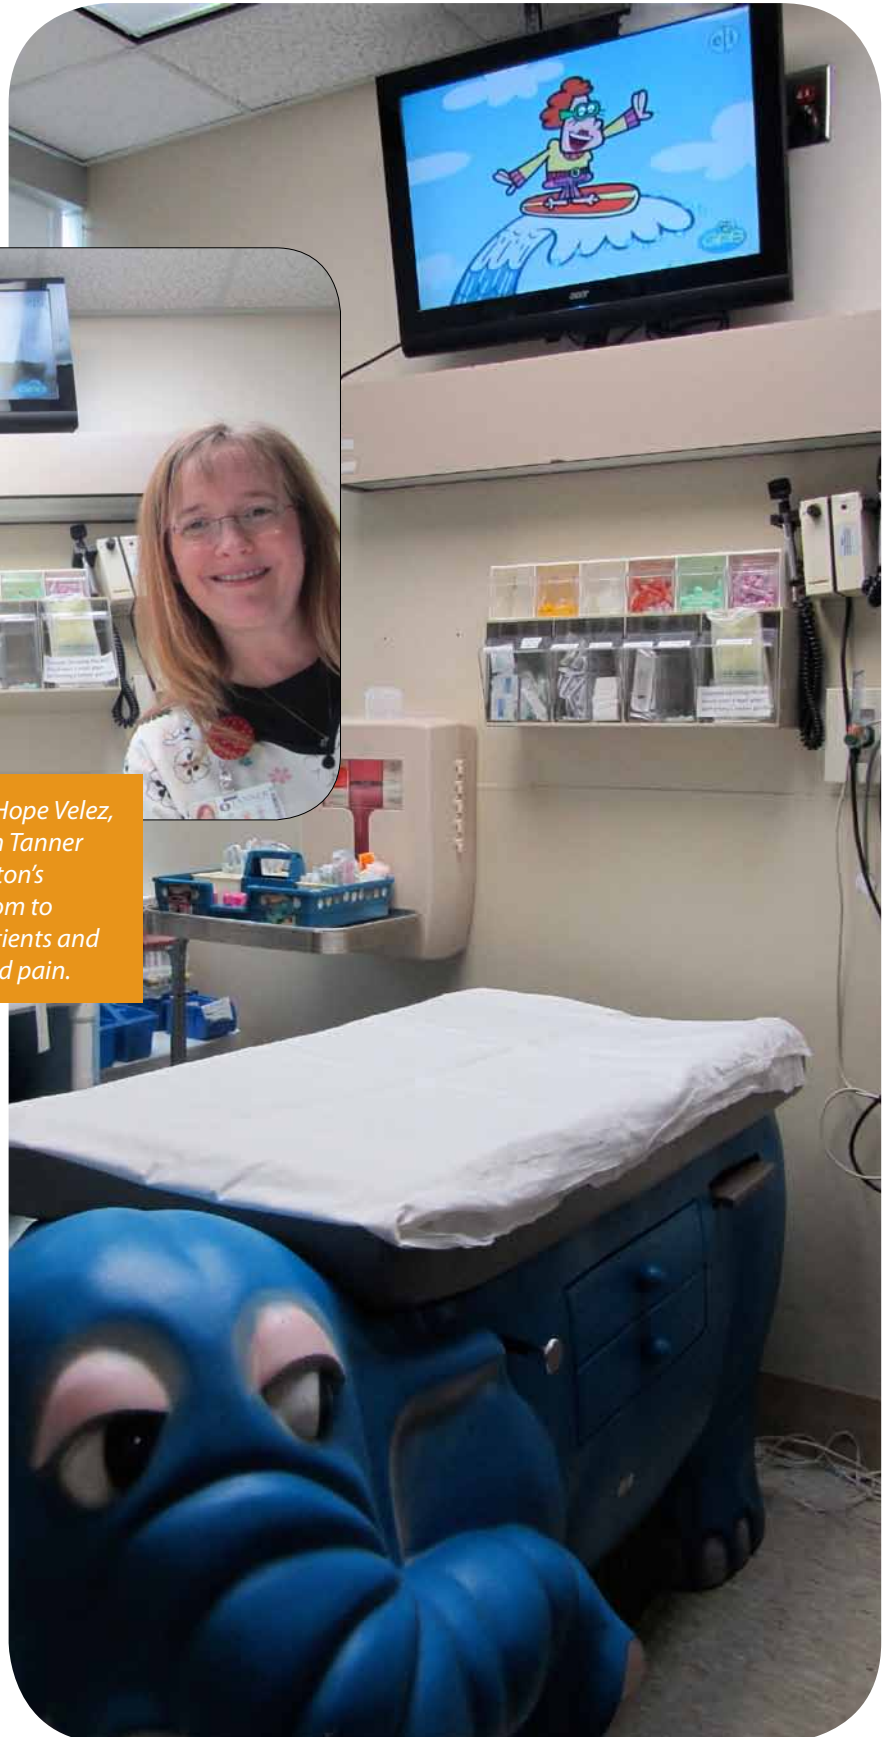

"I remember we had a child, she was about three years old and she was very upset because her Mom had chosen not to come with her into the treatment room," said Hope Velez, RN. "We turned on the TV and SpongeBob was on while we started her IV. It calmed her down tremendously."

"One of the things that is proven to decrease anxiety and pain in children is distraction," explained Linda Connor, RN, director of nursing at Tanner Medical Center/Carrollton. "TV is a form of distraction. If we can put something on the TV that they are familiar with or that comforts them, then that is the goal."

"Heartbeat has been really wonderful to pediatrics," said Strong. "We're so thankful for the TV and videos Heartbeat provided. It even helped us purchase socks to help keep the pulse oximeter probes (a non-invasive method of monitoring a patient's hemoglobin) on our babies' toes and keep their feet warm. If you are a child and you've got to be in the hospital, all of these things make it a better place to be." 🧡

Cindy Strong, RN, and Hope Velez, RN, use the television in Tanner Medical Center/Carrollton's pediatric treatment room to help distract young patients and reduce their anxiety and pain.

Five-Year Donors

Five-year donors have been recognized for their dedicated support of Heartbeat, the employee-giving program of Tanner Health System. Those listed in bold type reached the five-year milestone in 2012.

YES **NO**

Half of your tax-deductible donation will go to the Humanitarian Fund to help employees experiencing severe hardships. The second half of your donation will go to the Program Fund of your choice. Please check one box below to specify which fund will be supported by your donation. (If no box is checked, the second half of your donation will go to a General Program Fund to be used in the area of greatest need within Tanner Health System.)

Indigent Care Fund - provides medications, diagnostic tests and cardiac rehab for indigent patients who cannot afford them.

Cancer Care Fund – provides funding for cancer programs, services and assistance for patients.

General Program Fund - supports the purchase of unbudgeted hospital equipment and programs.
